A Noble Speech

AT a banquet given in honour of Netaji Subhas Chandra Bose in Tokyo on Saturday last, Premier General Koiso pointed out that the unity and co-operation of the nations of Asia are based upon their unity of aims as stated in the Greater East Asia Joint Declaration. And because India and the nations of East Asia are thoroughly convinced of Nippon's desire to establish a world order based on justice, these nations are whole-hearted allies of Nippon. Encouraged by the great victories of Nippon in the Taiwan and Philippines waters, India and the nations of East Asia will prosecute the war to a victorious finish with the same determination and confidence with which Nippon is fighting.

Referring in particular to India, Premier Koiso remarked that the Provisional Government of Azad Hind has kept on fighting under the most difficult conditions with supreme courage and undaunted fighting spirit and for this, said Premier Koiso, "I wish to pay my profound respect to Netaji and other members of the Provisional Government for their untiring efforts." Premier Koiso strongly expressed the moral indignation of the entire Nippon nation at Britain's tyrannical exploitation of India and said, "I feel confident that in the struggle for independence, Netaji and other members of the Provisional Government will inspire all freedom-loving Indians to rise so as to purge British influence from Indian soil and achieve complete independence for India."

As for the Nippon nation, Premier Koiso declared that being desirous of the healthy growth of the Provisional Government of Azad Hind and the speedy realisation of its aim, Nippon will persistently continue to render every possible assistance both material and spiritual to the Provisional Government. Having this strong assurance from the Nippon nation, it is up to us Indians to fight for our freedom and to justify the hope and confidence our allies have in us. However difficult the task may be, we Indians must fight relentlessly in co-operation with our allies until India's independence is achieved.

And ultimate victory we are certain to achieve. As Netaji declared in the course of his inspiring address at the Hibiya Hall on the auspicious day of the Meiji Setsu, today we are already standing on the threshold of final victory. The recent brilliant victories of the Nippon forces in the Taiwan and Philippine battles are an unmistakable indication that a new chapter of the present war is about to begin.

Indians' Determination To Fight For Freedom Of India Reiterated

Reiterating their firm resolve to fight shoulder to shoulder with Nippon and their Allies under the leadership of Netaji Subhas Chandra Bose till common victory is achieved and India is completely liberated from the British yoke and the peoples of Asia attain the tenets expounded by the Joint Declaration of the Assembly of the Greater East Asia Nations, Indians in Syonan unanimously adopted a resolution at the mass rally held at the I.I.L., Syonan Branch, last evening, in commemoration of the first anniversary of the adoption of the Joint Declaration of the Assembly of the Greater East Asia Nations.

The rally was largely attended by various sections of the Indian community including a number of high Nippon officials. The I.I.L. premises was gaily decorated with the national flags of the various Greater East Asia Nations and the Swastika.

Sri Thivy in his address spoke stressing the far-reaching objects of the noble ideals contained in the Joint Declaration of the Greater East Asia Nations and the important part Dai Nippon was playing today in applying those principles to the various parts of Greater East Asia. Rangoon Fetes Greater E. Asia Joint Declaration Anniversary

Rangoon, Nov. 6 (Domei)—Burmese, Indian and Nippon officials and civilian quarters have joined the week's celebration of the first anniversary of the signing of the historic Joint Declaration which took place at the Assembly of Greater East Asiatic Nations on Nov. 6 last year. The celebrations which began yesterday include special talks and articles stressing the significance of the Pacific Charter by Burmese and Indian radio and newspapers, including the issuance of special anniversary newspaper editions, mammoth mass rallies sponsored by the Maha Bama Aslayone and the Provisional Government of Azad Hind, featured by addresses by prominent Burmese, Indians, and Nippon nationals.

Azad Hind field propaganda units and loudspeaker vans are touring Rangoon with a party of Indian and Burmese singers and announcers while leaflets

are being scattered throughout the city containing the Joint Declaration and extracts from Netaji's speech at the Greater East Asiatic conference as well as pictures and slogans.

District commissioners throughout the whole of Burma read the Joint Declaration at district anniversary rallies to reaffirm the Burmese determination to construct a new state along the lines laid down on the five principles freedom document. Other items on the program include variety shows sponsored by the Azad Hind Government.

Rangoon, Nov. 6 (Domei)—In a statement issued on the occasion of the first anniversary of the signing of the Joint Declaration, Adipadi Ba Maw emphasized, "Today after a year has passed, the nations which declared their Asiatic faith and fellowship are proving with deeds what they had said with words."

2 Foe Carriers Sunk, 2 Damaged Off Philippines

Initiative Of Battle In Pacific Theatre Passes Into Nippon Hands

Tokyo, Nov. 6 (Domei)—Dai Honyei announced at 4.30 o'clock this afternoon as follows:—

"Firstly, the Kamikaze Special Attack Corps on Nov. 5 attacked an enemy task force in waters east of the Philippines and sank one aircraft-carrier and heavily damaged another.

"Secondly, our air units on Nov. 5 assaulted an enemy task force in waters east of the Philippines and heavily damaged one aircraft-carrier, and,

"Thirdly, our submarine unit on the night of Nov. 3 intercepted and attacked an enemy task force in waters east of the Philippines and sank one aircraft-carrier of the Essex type.

(By A Naval Commentator)
Tokyo, Nov. 5 (Domei)—Since the successive debacles suffered by the enemy off Taiwan and the Philippines, the initiative of the battle in the Pacific theatre of war has fallen into our hands. The enemy navy which once boasted considerable strength enabling it to carry out operations at will has sustained repeated setbacks which have radically reduced its fighting strength, and with enemy first-line aircraft-carriers virtually annihilated, enemy task forces have suspended systematic operations.

In the Philippines, particularly the Leyte Gulf sector, enemy air forces have been struck such a devastating blow that practically no carrier-based planes have attacked our positions. Toward the end of the current week the enemy concentrated B-24 bombers on the Morotai sector and from there raided the central sector of the Philippines. However, even this operation has been only spasmodic and no systematic, strategic bombing attacks have been carried out in the Central Pacific including the Philippines sector.

Foe Transports Sunk Off United States Mainland

A Nippon Base in the Central Pacific, November 8 (Domei)—Striking out in fresh attacks against enemy shipping off the west coast of the American mainland, Nippon undersea-craft have sunk a number of enemy transport vessels, including tankers, it was learned here today.

Syonan Calmly Takes Enemy's First Raid

(By a Domei Correspondent)
Syonan, Nov. 6 (Domei)—
Cloudy skies hovered over Syonan as the first alert which signalled 'enemy planes' approached the island was sounded throughout the city to summon the various passive defence services workers to their respective posts and warn the civilian populace to take shelter.

A few minutes after ten o'clock, the first barks of anti-aircraft fire from the ever-alert Nippon ground batteries were heard, and as eyes were focussed on the concentration of the Ac-Ac gun-bursts, the first enemy "Super Fortress" was sighted flying at an extremely high altitude. As the fire from the anti-aircraft guns increased in intensity, the lone bomber could be seen making attempts to gain altitude, in an effort to keep high and away from the shell bursts, which were making a pattern around it.

Other bombers flying singly or in twos were then seen trailing the leading bomber, followed later by several larger flights of Fortresses, the biggest comprising eight planes.

With the appearance of these bombers, retaliation fire from ground batteries further increased in ferocity, while Nippon interceptors were seen droning over the island making a bee-line for the enemy planes.

During the engagement which followed, in which fierce machine-gun fire was exchanged, one enemy bomber was noticed to emit smoke—and struggling desperately to catch up with the other planes.

Meanwhile, the city's populace took this first raid on this erstwhile island-fortress of the British in 32 months very calmly.

Syonan Indians Observe Joint Declaration Day

laid down in the Joint Declaration, declared Sri Thivy.

Unless the whole of Asia was freed from Anglo-American domination, the speaker said, the principles expounded by the Joint Declaration; could not be carried out and that being so all nations of East Asia should co-operate fully with Dai Nippon and be prepared to make the maximum sacrifice to crush the enemy and attain final victory in the Dai Toa Senso.

As Indians it was their duty to fight to the last shoulder to shoulder with Dai Nippon until the Anglo-Americans are thrown out of the India and the complete independence of India was established, declared Sri Thivy.

The other speakers were Sri M. K. Chidambaram, Dr. H. H. Munshi and Brahmachari Kallasam all of whom spoke emphasising the epoch-making character of the Joint Declaration and the universal principles contained in them and the magnanimous manner in which Dai Nippon was discharging her responsibilities in consonance with those principles and living up to the expectations of all.

The meeting was enlivened by selections of Hindustani and Tamil national songs which were sung at intervals.

IIL Local Affairs Committee Makes Vital Decisions

Syonan, Nov. 6 (Domei)—
Modelled on similar lines to the Auxiliary Police organization, the Local Affairs Committee of the Indian Independence League here which met for the first time on Saturday at the League premises, unanimously decided that as a pre-requisite to assisting the Azad Hind Fauj in its battle for the liberation of India's millions, intensive propaganda relating to the work and activities of the Indian Independence movement in East Asia must henceforth be carried out by all members of this newly-formed Committee.

The meeting was presided over by Sri J. A. Thivy, vice-president, Rear Headquarters, Indian Independence League, and attended by 250 members of the Local Affairs Committee in Syonan.

The Local Affairs Committee which is a subsidiary body of the Indian Independence League here, is broken up into divisions, sections and wards similar to the Auxiliary Police organization, and covers the entire area of Syonan. Officers in charge of divisions have been appointed from among leading Indian residents, and seven divisions have been formed, under them come section chiefs and ward representatives, all of whom have been given distinctive badges.

The object of the Local Affairs Committee, it was pointed out at Saturday's meeting, is to carry on an intensive propaganda campaign throughout this city in order to further boost the work and activities of the I.I.L. in East Asia. For this reason, it was revealed that a house-to-house visit will shortly be instituted by all officers and members of the Local Affairs Committee in order to acquaint every Indian resident here with latest news relating to the Azad Hind Fauj and the Indian Independence League's activities throughout East Asia.

All officers and members of the Committee, moreover, have been empowered to recruit volunteers for the Azad Hind Fauj, and in future, Indians residing in remote districts in Syonan who wish to join the ranks of the Azad Hind Fauj need only apply to any member of the Local Affairs Committee in his particular district who will extend to him every aid so that he can join up Free India's army of liberation—the Azad Hind Fauj.

Germans Harass Enemy Forces In Walcheren Area

Lisbon, November 5 (Domei)—
Fierce fighting is still continuing on Walcheren Island commanding the entrance to the important port of Antwerp, according to dispatches received here. The German High Command said that German Grenadiers on Walcheren are most tenaciously fighting enemy forces which penetrated from the west. Fast German bomber and night-bomber formations last night repeatedly attacked the enemy supply centre near Aachen starting large fires and explosions, the Berlin communique said. As the result of German counter-attacks south-east of the Huertgen forest, the Germans recaptured several places which had been temporarily lost. German troops also frustrated enemy attempts to break through in the Meurthe Valley of Saint Die, in the southern wing of the Western Front.

Heavy "V-1" fire was directed against the Greater London area yesterday, the German High Command announced.

On the Eastern Front the tank battle for Budapest has been continued along the entire front between the Danube and Tisza with undiminished violence, frontline dispatches to Berlin said. Moscow dispatches said that Soviet tanks entered the town of Soroksar, only a mile outside Budapest. The German High Command said that German tank formations south-east of Budapest foiled renewed Soviet attempts to achieve a break-through in the direction of Budapest. The town of Szolnok, 80 kilometres south-east of Budapest, was evacuated by the Germans after days of successful defence against superior Soviet and Rumanian forces last night, the German High Command announced.
